

# DLF PROJECT MANAGEMENT WEBINAR

## DIGITAL REPOSITORY MANAGEMENT AND OWNERSHIP

**1:00 PM ET/10:00 AM PT**

**17 MAY, 2024**

**KIMBERLY LEAMAN**

**Kim will give an introductory overview with examples of her role as a Product Owner and how she fits into the workflows and expectations of the Digital Library Services (DLS) team and their stakeholders.**

**Kim Leaman** is a Library IT Project Manager who focuses primarily on Princeton University Library's (PUL) digital projects and initiatives. She collaborates with staff members from various departments to meet the needs and manage the expectations of Princeton's internal and external stakeholders. Kim is also a Product Owner for PUL's digital repository and curated collections platform (Digital PUL).
