

# CALL FOR PARTICIPATION

## What are the Digitisation Days?

The Digitisation Days are a major event in text digitisation field organised by the Succeed project and the IMPACT Centre of Competence. This event includes:

- The DATECH (Digital Access to Textual Cultural Heritage) international conference.
- An exhibition of digitisation technology where leading companies will showcase state-of-the-art tools.
- The Succeed Awards ceremony.
- Panel discussions on the future of digitisation, IPR issues, etc.

## Where and when will they take place?

The Digitisation Days will take place in Madrid at the facilities of the [Biblioteca Nacional de España](#) (Paseo de Recoletos, 20-22), 19-20 May 2014.

## Why should I attend the Digitisation Days?

- Become aware of **new technology** for the digitisation of textual content.
- Influence **future trends** in digitisation: meet researchers, leading companies, and service providers and discuss your requirements.
- Participate in the **discussions** about the future of digitisation. Experts and representatives of the European Commission will share their vision.
- Network and build **new connections** with representatives of libraries, companies and institutions involved in digitisation.

A [round table](#) is scheduled to **roadmap the future research** for the digital library. All participants, both technological experts and librarians, are invited to participate in a round table meeting to address questions like the following:

- What further research/development is needed to support the creation and maintenance of a digital library?
- How can European competence centres (such as Impact Centre of Competence, Open Planets Foundation, or V-Must.net) contribute to the advance of the state-of-the-art?

## How can I register?

Please, visit <http://www.succeed-project.eu/digitisation-days/registration>
